

WHEREVER IN THE WORLD YOU LIVE, IT'S WORTH YOUR WHILE TO VISIT AZHARS

YOU'LL BE OVERWHELMED BY OUR SELECTION.
Walking into Azhar's can be something of an overwhelming experience. Nowhere else in the Americas can you see such a vast selection of outstanding oriental rugs in one place. At Azhar's, you'll see thousands of examples of the finest work produced in the rug weaving centers of China, India, Pakistan, Tibet and the ancient lands of Persia. Each rug is hand knotted from 100% natural wool or silk.

WE'LL MOVE MOUNTAINS OF RUGS FOR YOU.

From the moment you step inside the new Azhar's, you'll be nothing less than overwhelmed. The walls are covered with two-story-high rugs made for palaces and great estates, and everywhere you look there are stacks of rugs reaching half-way to the ceiling.

MOUNTAINS OF RUGS IN EVERY STYLE, EVERY COLOR, EVERY IMAGINABLE SIZE.

We are also dedicated to making sure that amidst this vast selection, you find the rugs ideal for your home and room décor, whether for traditional or contemporary, a monumental residence or a two-bedroom apartment. So while you sit atop a "mountain" of rugs, cup of tea in hand, we'll display rug after rug for you until you find just the right ones.

YOU'LL BE DELIGHTED BY THE SAVINGS

Each Azhar's gallery offers values far beyond what you've seen elsewhere. The reasons are simple. Azhar's is America's leading importer, purchasing in enormous quantities directly from the weavers. There are no wholesalers and middle men to inflate the prices. So you'll save 50% or more on every rug in our inventory. At Azhar's Oriental Rugs, you'll always find the rug you want at the lowest price, in the color, fabric and size ideally suited to your particular style, taste and decor. You'll also get our guarantee as to knot count, fiber contents and country of origin. So visit our Miami gallery soon and discover the incomparable glories of authentic oriental rugs.
